## PROFESSIONAL EXPERIENCE

---

### KPMG

2023-04 – 2023-07 | La Défense, France

*IT Consulting - Innovation financing (internship)*

As a Scientific IT Consultant for the Research Tax Credit at KPMG Avocats, the role consists of identifying research projects eligible for the research tax credit and assessing their compliance with the criteria in force. The technical documents required to justify the research projects and associated expenses are drafted by the consultant, who also coordinates meetings with the clients' scientific and technical teams. Close collaboration with KPMG's tax lawyers is essential to ensure that research tax credit claims are properly presented to the appropriate tax authorities.

### SANOFI R&D

2021-05 – 2021-08 | Chilly-Mazarin, France

*IT Support Assistant - Development of automation tools (internship)*

Within the regulatory affairs department, design and development of tools to automate recurring tasks on Excel (VBA programming).

Automation of more than 70% of the manual tasks, at the end of the internship.

### TDF

2020-02 – 2020-04 | Montrouge, France

*Database internship*

Development of databases in Access to facilitate data entry via forms. Creation of an application to visualize these data via Power BI.
